(54) Title: INSECTICIDAL COMPOSITION

(57) Abstract: An insecticidal composition is disclosed that includes *Tasmania stipitata* extract in combination with an insecticidally effective oil such as petroleum oil, vegetable oil, and fish oil. The *Tasmania stipitata* extract enhances the insecticidal activity of these oils. It is particularly useful against a variety of insect pests that occur on plants such as thrips, aphids, mites, scales and caterpillars. It is also useful against lice and flies.
